

To Whom It May Concern:

At Nitro-Lift Technologies, our first priority is to ensure that our employees have a safe work environment and arrive home safely each and every day.

Safety starts at the top with Nitro-Lift management. This ensures safety is taken seriously and is implemented every day. All employees go through multiple types of safety training throughout each year to ensure they are qualified for the task they will encounter while conducting operations.

Nitro-Lift Technologies total recordable incident rate for 2018 was 0 recordable accidents for the year. Nitro-Lift Technologies also traveled over 500k miles in 2018 without any vehicle accidents. Every accident that occurs at Nitro-Lift is thoroughly investigated by management and the safety department to determine the cause and how to mitigate the accident from reoccurring.

If you have any questions or concerns, please feel free to contact me at 580-371-3700, or by email at safety@nitrolift.com.

Thank you,

Larimey Curtis
Safety Manager
Nitro-Lift Technologies, L.L.C
